

## 16L Thermoelectric Wine Cooler

This thermoelectric wine cooler provides a vibration-free environment with constant temperature and humidity, ideal for preserving red wine. It features a 16L capacity, accommodating up to 6 bottles.

### ADDITIONAL IMAGES

### Product Overview

Sleek 16L capacity wine cellar designed for optimal chilling and preservation.

### Premium 16L Thermoelectric Wine Storage

This 16L thermoelectric wine cooler is an eco-friendly storage solution designed to hold up to 6 standard bottles at optimal temperatures. Utilizing advanced thermoelectric technology, it operates with low noise and zero vibration, ensuring the delicate sediment in your wine remains undisturbed. Its compact, portable design featuring a mirror glass door makes it a stylish and functional addition to any professional or home environment.

## Technical Performance

Vibration-free thermoelectric cooling system preserves wine quality.

Advanced TE technology ensures eco-friendly and energy-efficient operation.

### Performance Highlights

**16 L**

Capacity

**6 pcs**

Bottle Count

**0 dB**

Vibration

### Cooling System

Thermoelectric (Peltier) technology for constant temperature and humidity control

### Temperature Range

8°C to 19°C (46°F to 66°F)

## Dimensions & Power

### Unit Dimensions (W\*H\*D)

252 x 385 x 515 mm

### Packing Dimensions (W\*H\*D)

295 x 425 x 548 mm

### Power Supply

110V or 220V / 50~60Hz

## Design Features

User-friendly digital interface for precise temperature adjustments.

### Key Features

- Mirror Glass Door
- Low power consumption
- Low Noise operation
- Portable design
- Interior lighting
- Digital temperature display
- Chrome wine racks

## Compliance & Quality

### Certifications & Standards

DOE, CE, CB, GS, ETL, EMC, ISO 9001, BSCI, UKAS
