

1.7-Liter Double-Layer Electric Kettle

This electric kettle has a 1.7-liter capacity and a dual-layer construction. It is equipped with automatic shut-off and boil-dry protection.

Product Overview

Efficiency and Safety Combined

The HK-2988 Electric Kettle is designed for modern professional environments, offering a 1.7-liter capacity suitable for high-demand settings. Featuring a robust double-layer construction with a stainless steel interior and heat-insulating plastic exterior, it ensures both durability and user safety. With a powerful 1500W heating element and integrated safety features like boil-dry protection, this unit provides reliable, fast performance.

Technical Specifications

Capacity	1.7 L
Power Rating	1500 W
Voltage/Frequency	120V/60Hz

Design & Build

Construction	Double-layer (Stainless steel interior, plastic exterior)
Base Design	360-degree swivel base
Heating Element	Concealed

Safety & Features

Safety Features	Automatic shut-off, Boil-dry protection, Heat insulation
