1.7L Electric Glass Kettle with Auto Shut-Off

This electric kettle features a transparent glass design and a 1.7L capacity. It automatically shuts off when the water boils and includes a concealed stainless steel heating element.

Overview

Premium Glass Electric Kettle

This 1.7L electric kettle combines elegant design with functional efficiency, featuring a high-quality borosilicate glass body that is both durable and stain-resistant. Designed for convenience, it includes a 360-degree rotary base and an automatic one-button lid opening mechanism. Safety is prioritized with integrated boil-dry protection and an automatic shut-off feature that activates once the water reaches a boil.
