

1.8 L Electric Kettle with Automatic Shut-Off

This electric kettle is designed for boiling water quickly and efficiently. It features a durable plastic body, a water level indicator, and a safety shut-off function.

Overview

Efficient Boiling Solution

This 1.8-liter electric kettle is designed for rapid and efficient water boiling, making it a reliable choice for household or office environments. It features a durable construction with a convenient water level indicator for precise filling. Safety is prioritized with an automatic shut-off function that engages upon boiling or when the unit is empty, preventing overheating.
