

180mm Electric Angle Grinder

This 180mm angle grinder is designed for efficient material removal in demanding applications. It features an ergonomic design and robust construction suitable for metalworking, construction, and industrial tasks.

Overview

High-Performance Industrial Grinder

This 180mm electric angle grinder is engineered for demanding cutting, grinding, and finishing applications in industrial environments. Featuring a high-torque motor for efficient material removal, it is built to withstand rigorous use in metalworking and construction settings. The tool incorporates essential safety features, including a protective guard and a spindle lock mechanism for quick and secure disc changes.

Technical Specifications

Disc Diameter	180 mm
Suitable Materials	Metal, Steel, Wood

Safety & Features

Safety Features

- Protective safety guard
- Spindle lock for disc changes
- Ergonomic handle design

Operational Safety

Wear eye protection • Wear respiratory protection • Avoid contact with water • Avoid contact with oil
