

18650 Lithium-Ion Battery Cell 3.7V 2200mAh

This high-performance 18650 lithium-ion battery cell is designed for various power applications. It features a nominal voltage of 3.7V and a capacity of 2200mAh, delivering 8.14Wh of energy.

Overview

High-Performance 18650 Lithium-Ion Cell

This 18650 lithium-ion battery cell is engineered for reliable and consistent power output in demanding applications. With a nominal voltage of 3.7V and a capacity of 2200mAh, it delivers 8.14Wh of energy, making it an ideal choice for power banks, electric vehicles, and portable electronics. The cell is built for stability and longevity, ensuring a dependable power source for your devices.

Technical Specifications

Nominal Voltage	3.7 V
Capacity	2200 mAh
Energy Rating	8.14 Wh
Model Number	INR18650-2200A

Certifications

Safety Certifications	KC, IEC62133, CB, UL
-----------------------	----------------------

Applications

Common Applications

- Power banks
- Portable speakers
- Home appliances
- POS machines
- Toys
- Electric motorcycles
- Electric cars
- Power tools
