

18G Cordless Brad Nailer

The 18G Cordless Brad Nailer is a versatile tool for finishing and trim work. It provides cordless convenience, eliminating the need for hoses or compressors, while ensuring consistent power.

Product Overview

Professional Cordless Performance

This 18G Cordless Brad Nailer offers the freedom of cordless operation by eliminating the need for bulky hoses and compressors. Designed for precision, it features adjustable depth settings and a protective safety cover to ensure a clean, professional finish on woodworking and cabinetry projects. With integrated LED work lights and a lightweight, ergonomic design, it provides consistent power and efficiency for extended fastening tasks.
