

1.8L Electric Drip Coffee Maker with Digital Display

This electric drip coffee maker has a capacity of 1.8 liters and features a digital display. It includes programmable settings and a steep function for enhanced flavor extraction.

Overview

Professional 1.8L Digital Coffee Maker

This high-capacity 1.8L electric drip coffee maker is designed for efficiency and superior flavor, making up to 14 cups per brew. It features a patented steeping process that ensures maximum taste extraction, combined with a modern digital control panel for precise operation. With safety features like boil-dry protection and automatic shut-off, it is an ideal solution for office environments or high-volume hospitality needs.
