

1.8L Electric Drip Coffee Maker with Digital Display

This electric drip coffee maker has a capacity of 1.8L. It features a digital display for time and settings, including auto-off and programming functions.

Product Overview

Professional-Grade Drip Coffee Maker

This 1.8L electric drip coffee maker is designed for precision brewing and convenience in any professional or high-demand setting. Featuring a programmable 24-hour clock and a clear digital LCD display, it offers complete control over brew strength and carafe temperature. The durable stainless steel construction, combined with a double-walled holder, ensures optimal aroma retention and long-lasting performance.
