

1.8L Electric Drip Coffee Maker with Timer

This electric drip coffee maker brews up to 1.8 liters (12-15 cups) of coffee. It features a programmable timer, anti-drip function, a warming plate to keep coffee hot, and a removable, washable filter.

Product Overview

Professional Drip Coffee Experience

This 1.8L electric drip coffee maker is designed for efficiency and convenience, making it an ideal choice for households or office breakrooms. Featuring a programmable timer and a large capacity that yields 12-15 cups, it ensures fresh coffee is ready exactly when needed. The unit is equipped with a warming plate and auto-off functionality, combining safety with the ability to keep your brew at the perfect temperature.
