

18V Brushless Cordless Impact Driver

This 18V brushless impact driver delivers high performance and efficiency for various fastening applications. Its ergonomic design ensures comfortable handling, variable speed control, and an LED light for enhanced visibility.

Product Overview

High-Performance Cordless Power

This 18V brushless cordless impact driver is engineered for demanding fastening applications, offering superior efficiency and extended runtime. Its robust brushless motor design ensures durability while delivering high torque for rapid, effective driving of screws and bolts. Designed with the professional user in mind, the tool features an ergonomic grip to reduce fatigue and variable speed control for precision in every task.

Performance Metrics

Maximum Torque

330 N.m
Max Torque

Speed and Impact Rates

Metric	Range
No-Load Speed	0-2600 RPM
Impact Rate	0-3300 BPM

Technical Specifications

Model Number	BCLS0301
Drive Size	1/2" square
Standard Bolt Capacity	M6-M18
Power Source	18V Li-ion

Features

Key Features

Brushless Motor • Variable Speed Control • Integrated LED Light • Ergonomic Design
