

18V Cordless Chainsaw with Brushless Motor

This cordless chainsaw delivers powerful cutting performance using battery operation. Its high-efficiency brushless motor, durable chain, and ergonomic design ensure comfortable and reliable operation for pruning and limbing.

Overview

High-Efficiency Cordless Cutting

This 18V cordless chainsaw is designed for professional pruning and light felling tasks, featuring a high-efficiency brushless motor for extended tool life and consistent power. Equipped with a premium Oregon bar and chain, it delivers a chain speed of 7m/s for clean, precise cuts. The ergonomic design includes a soft grip handle and mechanical chain brake to ensure both operator comfort and safety during intensive use.
