Product Overview

Professional Cordless Performance

This 18V cordless lithium-ion power drill is engineered for versatility and reliability in demanding drilling and fastening applications. It features a robust two-speed gear system and precise torque adjustment, allowing users to match the tool performance to the specific task at hand. Designed with ergonomics and safety in mind, it includes advanced battery protection circuits and integrated lighting for enhanced productivity in various working conditions.

Technical Specifications

Voltage	18 V
Torque Settings	18+1
Speed Settings	2

Key Features

Tool Functionality

- LED work light for dark environments
- Quick-release three-jaw chuck
- Magnetic screw holder
- Battery level indicator

Safety Protections	Over-current protection, Over-voltage protection, Thermal protection, Double discharge protection
Ergonomic Design	Optimized handle dimensions for secure grip and comfort across various hand sizes
