Product Overview

Professional Cordless Performance

This 18V cordless screwdriver is engineered for demanding professional applications, featuring a high-performance motor and a robust 4Ah lithium-ion battery. Designed with an ergonomic grip and integrated LED lighting, it ensures precision and comfort during extended use in low-light environments. The tool includes advanced safety features such as short-circuit protection and a leakage-prevention gearbox, making it a reliable choice for consistent, long-term fastening tasks.

Technical Specifications

Voltage	18 V
Battery Capacity	4 Ah
Battery Technology	Lithium-ion
Quick Charge Time	1 hour

Key Features

Usability

- Built-in LED work light
- Battery capacity indicator
- Variable speed control
- Ergonomic design

Safety & Protection

Short circuit protection, Leakage prevention gearbox, Battery loosen prevention

Package Contents

In the Box

- Cordless Screwdriver
- Battery
- Charger
- Carrying bag
