Product Overview

Professional MFI Certified Data Cable

This 1M Tinned Copper MFI Data Cable is engineered for professionals requiring reliable charging and data synchronization. Featuring tin-plated oxygen-free copper conductors, it offers superior conductivity and minimizes data loss for high-performance needs. Its MFI certification guarantees seamless compatibility across a wide range of Apple mobile and tablet devices.

Technical Specifications

Charging Performance

2.8 A

Max Charging Current

5 V

Voltage

Cable Length

1 m

Data Protocol

USB 3.0

Compatibility & Certifications

Compatible Devices

- iPhone 8
- iPhone 8 Plus
- iPhone X
- iPhone XS
- iPhone XS Max
- iPhone XR
- iPad Pro
- iPad Air

Certifications

MFI Certified

Design & Material

Available Colors

White • Orange

Conductor Material

Tin-plated oxygen-free copper
