

1x19 Stainless Steel Wire Rope

This stainless steel wire rope features a 1x19 strand construction. It is suitable for rigging, control cables, and general-purpose use.

Product Overview

Premium 1x19 Stainless Steel Wire Rope

This high-performance 1x19 stainless steel wire rope is engineered for applications requiring minimal stretch and superior structural integrity. Manufactured to rigorous international standards, it offers excellent corrosion resistance and reliable durability. Ideal for rigging and control cable systems, this wire rope provides high tensile strength to meet demanding industrial requirements.

Technical Specifications

Tensile Strength Options

- 1570 MPA
- 1670 MPA
- 1770 MPA
- 1870 MPA
- 1960 MPA

Diameter Range

0.36 mm

Minimum Diameter

20 mm

Maximum Diameter

Material Grade

AISI 301, AISI 304, AISI 304L, AISI 316, AISI 316L

Compliance and Logistics

Manufacturing Standards

DIN • GB • EN • JIS

Available Packaging

- Strong wooden reels
- Fumigated plywood reels
- Coils
