

2-Gang 2-Way Light Switch with Schuko Outlet

This combination unit features a 2-gang, 2-way light switch and a Schuko power outlet. It is designed for lighting control and power supply in residential, commercial, and industrial applications.

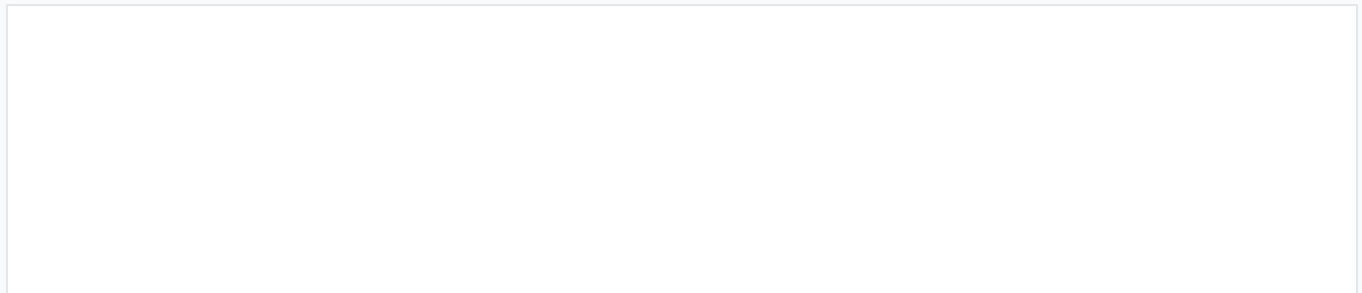

Product Overview

Versatile 2-Gang Switch & Schuko Outlet Combo

This integrated unit combines a 2-gang 2-way light switch with a single Schuko power outlet, providing a space-saving solution for residential and commercial electrical installations. Designed to European standards, it features a robust horizontal layout with an IP65 rating for superior protection against dust and water ingress. The modular design allows for flexible horizontal or vertical block configurations to suit diverse architectural requirements.

Technical Specifications

IP65 certified protection suitable for horizontal and vertical combinations.

IP Rating

IP65

Standard

European Standard

Certifications

TUV, CE

Dimensions

128.3 x 90.4 x 54.2 mm

Material & Durability

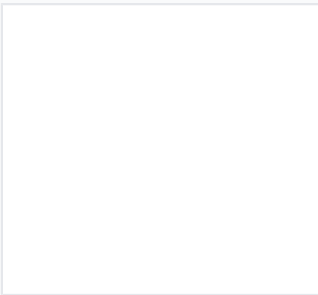

High-quality halogen-free and fire-resistant thermoplastic construction.

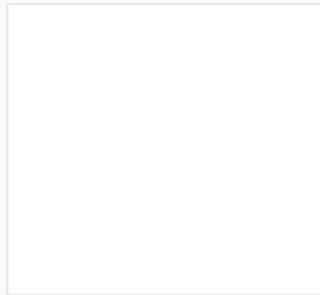

Material Features

- Thermoplastic material
- Halogen-free
- Fire-resistant
- Chemical resistant

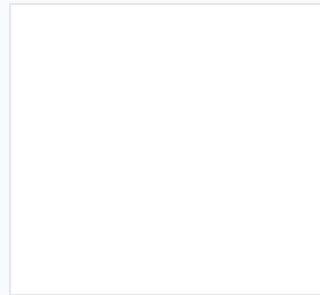

Installation & Safety

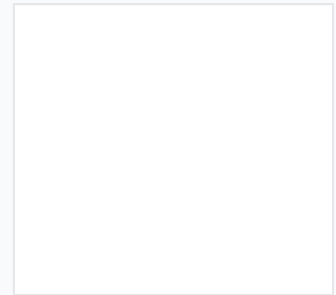

Choice of screwless or traditional screw terminals for flexible wiring.

Integrated tamper-resistant system ensures safety for residential use.

Quick-removal system from the back housing for easy maintenance.

Efficient 90-degree rotation quick lock system for secure installation.

Safety Systems

- Tamper-resistant system to protect children from electric shock
- Hinged cover for power outlet protection
- Quick lock system (90-degree rotation)

Terminal Types

Screwless Terminal, Screw Terminal

Assembly

Easy assembling system for quick removal and mechanism replacement

Commercial Terms

Minimum Order Quantity

3000 PCS

Payment Terms

TT, LC

Manufacturer Advantages

Service Capabilities

- 35-year industry experience
- OEM and ODM service support
- Strict QC system
- 24-hour response time
