

## 2-in-1 Facial and Garment Steamer

This multi-functional steamer is designed for both facial care and garment steaming. It effectively removes wrinkles from clothing while also promoting skin hydration and pore cleansing with a contoured facial mask.

### ADDITIONAL IMAGES

### Product Overview

#### Versatile 2-in-1 Steaming Solution

This multi-functional device seamlessly transitions between a facial steamer and a garment steamer, offering exceptional versatility for home or travel use. Designed for efficiency, it features a specialized contoured facial mask for skin hydration and pore cleansing, while also serving as an effective tool for removing wrinkles from clothing. Its compact, user-friendly design includes a rotating head for optimal steam direction and a clear water level indicator for convenient operation.
