Product Overview

Professional Hydraulic Bottle Jack

This 2-ton hydraulic bottle jack is engineered for reliable lifting performance in automotive, construction, and industrial environments. Its compact design ensures easy storage and portability, while the robust construction provides stability during operation. Equipped with a safety valve to prevent overloading, this tool is an essential asset for safe and efficient heavy load management.

Technical Specifications

Lifting Capacity	2 tons
Minimum Height	181 mm
Maximum Height	345 mm

Compliance & Safety

Safety Features

- Integrated safety valve
- Overload protection
- Requires stable, level surface for operation

Certifications	CE, EAC
