

2.0 Channel USB Powered Desktop Speakers

These 2.0 channel speakers feature an integrated design with a subwoofer and satellite speakers. The elevation angle ensures better sound in near field environments.

Overview

Compact Desktop Audio Solution

These 2.0 channel desktop speakers are designed to provide clear and reliable audio for your workspace. Powered conveniently via USB, they eliminate the need for bulky power adapters and are perfect for music, gaming, and multimedia applications. With a sleek black finish and a compact footprint, they integrate seamlessly into any professional or home office setup.
