

20-Inch BMX Bicycle with Fenders

This 20-inch BMX bicycle features a dual-tone color scheme and is equipped with front and rear fenders. It is designed with knobby tires for improved grip and is suitable for recreational riding.

Product Overview

Rugged 20-Inch BMX Bicycle

This 20-inch BMX bicycle features a robust steel frame with a distinct green and white dual-tone design, built for durability and style. Equipped with front and rear mudguards, it provides effective protection against splashes during daily use. The simple single-speed drivetrain and reliable caliper braking system ensure straightforward maintenance and ease of operation for recreational riders.
