

20-Person Marine Survival Raft

This marine survival raft is designed to accommodate up to 20 people. It is suitable for storage at heights between 18 and 36 meters.

Product Overview

High-Capacity Marine Survival Solution

This high-capacity survival raft is engineered specifically for offshore marine environments, providing reliable emergency evacuation for up to 20 persons. It features a durable inflatable structure with multiple buoyancy chambers and a high-visibility orange protective canopy to ensure safety and weather protection. Designed to meet stringent maritime standards, this unit is an essential safety component for commercial vessels and offshore platforms.

Technical Specifications

Capacity	20 persons
Model Series	APA-2
Model Number	APA-2-12
Country of Origin	United States of America

Key Features

Suitable Environments

- Commercial Vessels
- Offshore Platforms
- General Marine Environments

Safety Features

Inflatable Structure, Multiple Buoyancy Chambers, High-Visibility Canopy, Weather Protection
