

200 kg Industrial Jeans Washing Machine

This is a 200 kg capacity washing machine designed for industrial use. It is ideal for commercial laundries, garment factories, and denim processing facilities.

Product Overview

Industrial-Grade Jeans Washing Solution

The BX series industrial washing machine is engineered for heavy-duty commercial environments, including hotels, garment factories, and large-scale laundry facilities. Featuring a horizontal structure with a high-quality stainless steel drum and frame, this machine ensures durability and efficient cleaning performance. It offers versatile heating options and is designed for high efficiency, low noise operation, and safety in demanding industrial applications.

Technical Specifications

Capacity Range	15 kg to 400 kg
Heating Options	Steam, Electrical
Structural Design	Horizontal
Operation Mode	Semi-automatic

Certifications

Industry Standards
CE • ISO 9001

Performance Data

Model Specifications

Model	Capacity (kg)	Drum Size (mm)	Weight (kg)
BX-15	15	∅540*680	260
BX-30	30	∅660*800	380
BX-50	50	∅800*980	500
BX-70	70	∅950*1220	850
BX-100	100	∅960*1420	950
BX-150	150	∅1060*1650	1050
BX-200	200	∅1080*2000	1450
BX-250	250	∅1200*2280	1900
BX-300	300	∅1300*2280	2300
BX-400	400	∅1220*3360	2800
