

# 2000W 230mm Angle Grinder for Cutting and Grinding

This angle grinder is a powerful machine-tool designed for grinding and cutting applications. The 2000W motor and 230mm disc diameter provide efficient material removal and precise cuts.

## Product Overview

### Professional Performance

This 2000W angle grinder is engineered for demanding cutting and grinding tasks in industrial and construction environments. With a robust 230mm wheel capacity, it delivers efficient material removal and precise cutting performance. Designed for durability and sustained use, this tool is an essential asset for metalworking and heavy-duty fabrication projects.

## Technical Specifications

### Input Power

**2000 W**

Power Output

Wheel Diameter

230 mm

No Load Speed

6000 RPM

## Logistics & Packaging

### Weight Details

Type	Weight
Gross Weight	14 kg
Net Weight	13 kg

### Shipping Information

- Case Quantity: 2 PCS
- 20' Container Capacity: 2100 PCS

Packing Dimensions

53 x 27 x 19 cm
