

# 200kg Industrial Laundry Washing Machine

This 200kg industrial washing machine is designed for heavy-duty laundry applications. Featuring a robust stainless steel drum and a programmable control panel, it offers efficient and reliable performance.

## Overview

### Industrial Laundry Solution

The BX series industrial washing machine is engineered for high-capacity laundry operations, offering a robust horizontal structure built from high-quality stainless steel. Designed for hotels, restaurants, and professional laundry plants, this semi-automatic machine provides efficient, low-noise operation suitable for various fabrics and garments. With a wide capacity range and reliable heating options, it ensures consistent performance in demanding commercial environments.

## Technical Specifications

Machine Type	Semi-automatic Industrial Washing Machine
Heating Method	Steam, Electrical
Material	High-quality Stainless Steel

## Certifications

Compliance  
CE • ISO 9001

## Capacity and Performance

### 200kg Model Performance

<b>200 kg</b> Rated Capacity	<b>32 r/min</b> Rotate Speed	<b>1450 kg</b> Machine Weight
Capacity Range	15kg to 400kg	

## Model Comparison

Model Specifications Table

Model	Capacity (kg)	Rotate Speed (r/min)	Weight (kg)
BX-15	15	46	260
BX-30	30	35	380
BX-50	50	35	500
BX-70	70	34	850
BX-100	100	34	950
BX-150	150	34	1050
BX-200	200	32	1450
BX-250	250	29	1900
BX-300	300	29	2300
BX-400	400	29	2800
