

200mm Steel File Set, 3-Piece

This 3-piece steel file set is designed for a variety of filing tasks. Each file features a precision-cut tooth pattern for efficient material removal and a comfortable ergonomic handle for enhanced grip and control.

Overview

Professional 3-Piece Steel File Set

This 200mm steel file set is engineered for versatility across a wide range of shaping, smoothing, and deburring tasks. The collection includes flat, round, and half-round profiles to accommodate various geometries in metal, wood, and plastic workpieces. Each tool features high-carbon steel construction and an ergonomic soft-grip handle to ensure both durability and user comfort during extended use.
