

# 200W 3-Way Floorstanding Speakers in Teak Finish

These 3-way floorstanding speakers are engineered for high-performance audio reproduction. The multi-driver array includes a dedicated tweeter, midrange, and woofer for accurate sound and wide dispersion.

## Product Overview

### Audiophile-Grade Performance

These high-performance 3-way floorstanding speakers are engineered for exceptional clarity, detail, and dynamic range. Featuring a multi-driver array with a dedicated tweeter, midrange, and woofer, they ensure accurate frequency response and wide sound dispersion. The elegant teak finish makes them a stylish addition to any home theater or stereo listening environment.
