

200W Portable Power Station

This portable power station delivers 200W of power for various applications. It has a 222Wh battery and multiple output ports, including DC, USB, and AC.

便携储能电源 PESEP-200
Portable energy storage emergency power PESEP-200

额定功率: 200W	Rated power: 200W
额定电压: 22.2V	Rated capacity: 222Wh
标准容量: 3.7V6000mAh	Standard capacity: 3.7V6000mAh
过载保护: $22.2 \pm 10\%$	Overload protection: $22.2 \pm 10\%$
交流输出: AC: 110V $\pm 10\%$ /60Hz; 220V $\pm 10\%$ /50Hz	AC output: 110V $\pm 10\%$ /60Hz; 220V $\pm 10\%$ /50Hz
输出波形: 正弦波	Output Wave: Sine Wave
USB输出: USB-C: 5V/3A	USB output: USB-C: 5V/3A
Type-C输出: QC3.0/18W	Type-C output: QC3.0/18W
点烟器输出: 12V/10A	Cigarette lighter output: 12V/10A
DC输出: 12V/5A	DC output: 12V/5A
无线充: 5W	Wireless charging: 5W
充电输入电压: 12-24V	Charging input voltage: 12-24V
工作温度范围: -10~40°C	Working temperature: -10~40°C
重量 (净重): ≈ 3.1 kg	Weight/Net weight: ≈ 3.1 kg
重量 (含配件): ≈ 4.1 kg	Weight/Net weight (with accessories): ≈ 4.1 kg
产品尺寸: 200*160*110mm	Dimension: 200*160*110mm

Overview

Professional Portable Energy Solution

This 200W portable power station is engineered for reliability in emergency and outdoor environments. It features high-capacity lithium batteries, a fire-resistant and anti-seismic shell, and advanced protection circuitry for safe, clean sine wave power output. With comprehensive connectivity options, it provides versatile power management for essential devices.

Protection Mechanisms

Overvoltage Protection, Overload Protection, Short Circuit Protection, Temperature Protection, Fire Resistant

Technical Specifications

Available Outputs

Output Type	Specification
USB Output	QC3.0/18W
Type-C Output	QC3.0/18W
Cigarette Lighter	12V/10A
DC 5521	12V/5A
Wireless Charging	5W

Dimensions	205 x 165 x 155 mm
Net Weight	3.1 kg
