

# 20V 4Ah Cordless Angle Grinder with Brushless Motor

This cordless angle grinder is powered by a 20V 4Ah battery. The tool features a brushless motor for enhanced performance during cutting and grinding applications.

## ADDITIONAL IMAGES

## Overview

### Professional Cordless Performance

This 20V cordless angle grinder is engineered for demanding cutting and grinding tasks, featuring a high-efficiency brushless motor that ensures extended tool life and reduced noise. Designed with safety and durability in mind, it includes advanced protection systems such as overload and rotation-blocking safeguards, alongside a robust dust-proof structure. The tool offers professional-grade features like soft start, brake functionality, and an intuitive battery capacity indicator to maintain productivity on the job site.

## Technical Specifications

Motor Technology	Brushless
Rated Voltage	18 V
Maximum Initial Battery Voltage	20 V
Battery Capacity	4 Ah

## Features & Safety

### Design Features

- 360° Angle Adjustment
- Aluminum Alloy Gear Housing
- Dust-proof Motor Structure
- Removable Dust-proof Inlet Net
- Battery Capacity Indicator

### Safety Systems

Soft Start, Brake Function, Overload Protection, Rotation-blocking Protection, Short Circuit Protection

## Performance Metrics

### Brushless Motor Benefits

**1 High**

Longer Life

**1 High**
