

# 20V Brushless Cordless 3-Speed Impact Driver

This 20V brushless cordless impact driver is designed for high-performance fastening applications. The tool offers three-speed settings, providing versatility for various tasks, from delicate screw driving to high-torque bolt tightening.

## ADDITIONAL IMAGES

## Product Overview

### Professional Performance

This 20V brushless cordless impact driver is engineered for high-performance fastening applications, offering superior durability and extended runtime compared to traditional brushed motors. Designed with a compact and ergonomic form factor, it provides excellent maneuverability in tight spaces while delivering precise control through three distinct speed settings. It is a reliable solution for driving screws and tightening bolts in both professional and DIY environments.

## Performance Metrics

### Performance Highlights

**220 N.m**  
Max Torque

**3250 rpm**  
Max Speed

**4500 ipm**  
Max Impact Rate

### Speed Settings

- 0-1500 rpm
- 0-2500 rpm
- 0-3250 rpm

## Technical Specifications

Voltage	20 V
Chuck Size	6.35 mm
Chuck Type	Quick release

## Power & Accessories

### Included Components

- 1pc 2.0Ah Battery
- 1pc Fast Charger
