Product Overview

Professional Cordless Performance

This 5-inch cordless angle grinder is engineered for demanding cutting and grinding tasks, utilizing an advanced brushless motor for increased efficiency, longer lifespan, and reduced maintenance. Designed with user safety in mind, it features comprehensive protection systems including overload, rotation-blocking, and power-off safeguards. The cordless architecture offers maximum mobility on job sites, while the dust-proof structural design ensures durability in harsh environments.

Technical Specifications

Nominal Voltage	18 V
Maximum Initial Voltage	20 V
Disc Diameter	5 inch

Features & Safety

Motor Technology

Brushless Motor • Low Noise • High Efficiency

Safety Systems

- Soft Start Function
- Brake Function
- Short Circuit Protection
- Overload Protection
- Rotation-blocking Protection

Design & Build

Design Highlights

- 360° Angle Adjustment
- Aluminum Alloy Gear Housing
- Dust-proof Motor Structure
- Removable Dust-proof Inlet Cover

Battery Capability

Yes
