

## 20V Cordless Brushless Circular Saw

This cordless circular saw is powered by a 20V lithium-ion battery for portability. It features a brushless motor, a 165mm blade, and an adjustable bevel angle for versatile cutting.

### Product Overview

#### Professional Cordless Performance

This 20V cordless circular saw is engineered for high-performance cutting tasks, featuring an advanced brushless motor for increased efficiency and extended runtime. Designed for professional use, it offers a robust build with a left-hand orientation for improved visibility and control. With versatile bevel capabilities and precise cutting depth adjustments, this tool is an essential asset for construction and woodworking applications.

### Technical Specifications

#### Motor Type

Brushless

#### Model Number

BLCY-262

### Performance Metrics

#### No Load Speed

**3650 rpm**

No Load Speed

### Cutting Capacity

#### Cutting Depth Capacity

Angle	Depth
90°	51mm
45°	36mm

#### Blade Diameter

185 mm

#### Max Bevel Capacity

45 °

### Design Features

#### Orientation

Left hand
