Overview

High-Performance Cordless Cutting

This heavy-duty cordless circular saw is engineered with a brushless EC motor, providing superior power, extended tool life, and increased efficiency for demanding cutting applications. Designed for professional use, it features cordless convenience, a sturdy base plate for stability, and an ergonomic soft-grip handle for comfortable operation. The tool is equipped with essential safety features, including a lock-off switch and efficient dust extraction, making it an ideal choice for wood cutting and construction tasks.

Technical Specifications

Powerful 20V brushless motor system for enhanced cutting performance.

Voltage	20 V
No-Load Speed	5000 RPM
Blade Diameter	185 mm
Arbor Size	20mm (5/8")

Performance

Cutting Capacity

Angle	Depth
90°	65mm (2.56")
45°	43mm (1.7")

Features

Design & Construction

- Ergonomic soft grip handle
- Sturdy base plate for guidance
- All-metal gear construction
- Die-cast aluminum base plate
- Aluminum protective guard

Key Features

Brushless Motor, Spindle Lock, Tool-Free Depth Adjustment, Dust Extraction Port, Blower Function, Lock-Off Safety Switch
