Overview

High-Performance Cordless Brushless Impact Driver

This 20V cordless impact driver is engineered for professional-grade drilling and fastening tasks, featuring a high-efficiency brushless motor for extended runtime and durability. With 21+3 torque settings and a dual-speed gearbox, it provides precise control across various materials. The tool is equipped with a 13mm metal auto-lock chuck and a fast-charging lithium-ion battery system to ensure minimal downtime on the job site.

Performance

Performance Highlights

65 Nm

Max Torque

2000 RPM

Max Speed

30000 BPM

Impact Rate

Technical Specifications

No-Load Speed

- Low: 0-500 RPM
- High: 0-2000 RPM

Impact Rate

- Low: 0-7500 BPM
- High: 0-30000 BPM

Voltage	20 V
Motor Type	48 Brushless Motor
Torque Settings	21 + 3

Hardware & Design

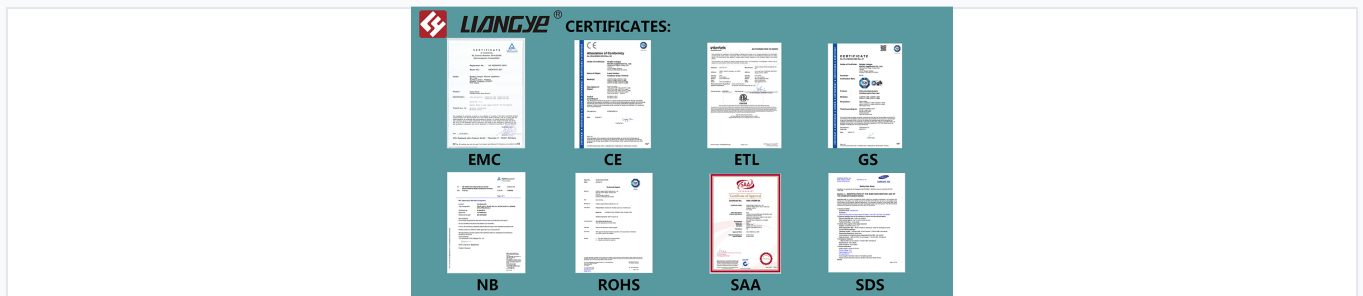

Chuck Type	2-13mm metal chuck with auto-lock system
