

20V Cordless Brushless Impact Wrench

This 20V cordless impact wrench features a brushless motor. It is engineered for high torque output, making it suitable for driving screws and tightening bolts.

Product Overview

High-Performance Cordless Impact Wrench

This 20V cordless impact wrench features an advanced brushless motor, offering superior efficiency, extended tool life, and quieter operation compared to traditional brushed motors. Engineered for reliability, it includes a sealed, leakage-prevention gearbox and a secure battery-locking design to withstand demanding work environments. With adjustable torque settings and an integrated LED work light, this tool provides the precision and visibility required for professional fastening applications.

Technical Specifications

Maximum Initial Voltage	20 V
Nominal Voltage	18 V
Motor Technology	Brushless

Key Features

Core Functionalities

- Integrated LED work light
- Torque adjustment capability
- Battery capacity indicator
- Short-circuit protection
- Battery loosen prevention mechanism
- Sealed leakage-prevention gearbox

Power & Charging

Quick Charge Time

1 hour

Quick Charge

Battery Chemistry

Lithium-ion
