Product Overview

High-Torque Cordless Solution

The LCW777-9A is a professional-grade 20V brushless impact wrench engineered for heavy-duty fastening in automotive, construction, and industrial maintenance. Featuring a high-efficiency brushless motor and three-speed variable control, it delivers precise power and durability. The ergonomic design and integrated LED work light ensure user comfort and high visibility during extended operation in demanding environments.

Performance Metrics

Key Performance Metrics

20 V

Voltage

200 N.m

Max Torque

2700 RPM

Max Speed

3780 BPM

Max Impact

Technical Specifications

Variable Speed & Torque Settings

Setting	No-load Speed (RPM)	Impact Rate (BPM)	Max Torque (N.m)
Low	0-1000	0-1400	80
Medium	0-1800	0-2520	120
High	0-2700	0-3780	200

Motor Type

Brushless

Drive Size

1/4" HEX

Battery & Charging

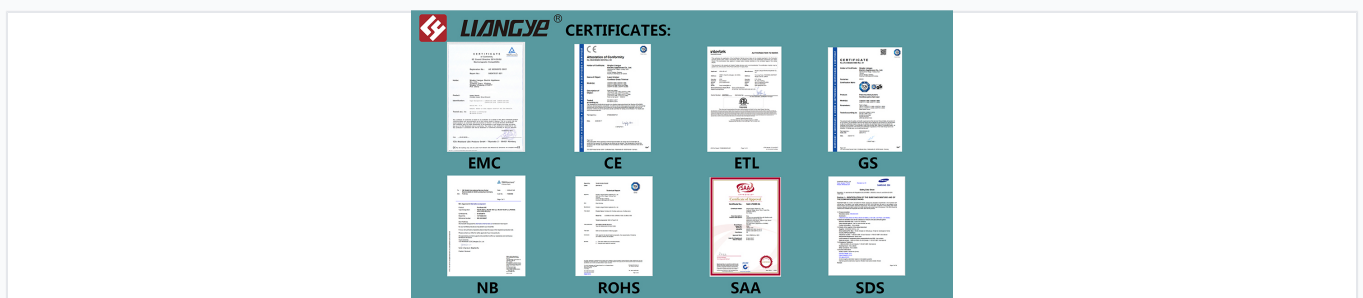

Battery Capacity	4000 mAh
Charging Time	1 hour
Battery Technology	Lithium-Ion

Features

Operational Features

- LED working light
- Intelligent battery indicator
- Ergonomic anti-fatigue grip
- Variable speed trigger control

Compliance & Quality

Our products meet rigorous international standards including CE, ETL, GS, and ROHS compliance.

Safety Certifications

CE, EMC, ETL, GS, ROHS, SAA, SDS
