

20V Cordless Chainsaw with Oregon Chain

This 20V cordless chainsaw is a versatile tool for various cutting tasks. It features a durable Oregon chain and bar for efficient cutting, along with safety features like a chain brake and hand guard.

Product Overview

Professional Performance in a Compact Design

This 20V cordless chainsaw is engineered for versatility and portability, making it an essential tool for pruning, trimming, and light-duty cutting tasks. Powered by a reliable Lithium-Ion battery system, it eliminates the constraints of power cords while delivering consistent performance. Featuring a high-quality Oregon chain and bar, this tool is built for efficiency, safety, and user comfort.

Technical Specifications

Voltage	20 V
No-load Speed	2600 RPM
Bar Length	10 in
Oil Tank Capacity	120 ml

Features

Key Features

- Cordless operation for maximum portability
- High-performance Oregon chain and bar
- Ergonomic handle design for operator comfort
- Lightweight construction for reduced fatigue
- Integrated safety chain brake
- Protective hand guard

Power Source

20V Lithium-Ion

Application

Ideal For	Pruning, Trimming, Light-duty cutting, Yard maintenance
