

20V Cordless Compact Chainsaw for Pruning

This compact and lightweight cordless chainsaw is designed for pruning branches and small trees. It features a high-performance motor powered by a 20V lithium-ion battery.

Product Overview

Compact Cordless Pruning Solution

This 20V cordless compact chainsaw is specifically engineered for precision pruning in sensitive environments like courtyards, schools, and hospitals. Designed with a focus on user comfort and environmental responsibility, it offers a lightweight construction that minimizes fatigue during extended operation. The tool features advanced safety mechanisms, including a chain kickback brake, and utilizes a high-power lithium battery system compatible with other tools.

Technical Specifications

No-Load Speed

2700 rpm

Max Speed

Voltage	20 V
Motor Specification	DC18V/RS887
No-Load Chain Speed	5 m/s
Chain Bar Size	250 mm
Oiler Tank Size	100 ml

Features

Key Advantages

- Tool-less Chain Tension System
- Chain Kickback Brake
- One battery power system
- Low noise operation
- Reduced pollution

Best For

Courtyard Maintenance, School Grounds, Hospital Landscaping, Pruning
