Overview

Versatile 20V Cordless Performance

This 20V cordless hammer drill and screwdriver is engineered for professional and DIY versatility. Featuring a 2-speed gearbox, it provides the necessary control for both high-speed drilling and high-torque screwdriving tasks. With a robust 40 N.m torque output and hammer drill functionality, it is well-suited for efficient drilling into masonry and concrete, offering cordless convenience without compromising on power.

Technical Specifications

Voltage	20 V
Maximum Torque	40 N.m
No Load Speed	0-350 / 0-1350 rpm
