

2.1 Channel Audio Speaker System

This 2.1 speaker system includes a subwoofer and two satellite speakers. It has an output power of 17W+11.5Wx2 RMS.

Overview

Immersive Audio Experience

This 2.1 channel audio speaker system is engineered to deliver a balanced and immersive sound profile, perfect for gaming, music, and cinematic experiences. The system features a dedicated subwoofer for deep, resonant bass performance and two satellite speakers designed for clear, crisp high-frequency output. Its compact design ensures it fits seamlessly onto desktops or shelves while providing robust audio output.
