

2.1 Channel Multimedia Speaker System

This multimedia speaker system features a black subwoofer with a red frame and glossy plastic satellite speakers. It is compatible with PCs, VCD/CD/DVD players, TVs, and earphones, utilizing separated audio inputs.

Product Overview

Immersive 2.1 Channel Audio

This 2.1 channel multimedia speaker system is engineered to provide a balanced audio experience, combining a dedicated subwoofer for deep bass with satellite speakers for crisp, clear highs. Designed for versatility, it is an excellent choice for desktop computing, small entertainment setups, or home office audio. The system offers a compact form factor without compromising on sound quality, making it a reliable solution for professional and personal multimedia needs.
