

2.1 Channel Speaker System with Subwoofer

This 2.1 speaker system features a wooden subwoofer with a 5-inch bass unit for powerful sound. Its integrated design includes satellite supports and an elevation angle for enhanced audio in near sound fields.

Product Overview

Immersive 2.1 Audio Experience

This 2.1 channel speaker system is engineered to deliver a balanced audio experience, combining deep bass from a dedicated 5-inch subwoofer with clear, crisp highs from 3-inch satellite speakers. Designed for versatility, it is an ideal audio solution for computers, laptops, and various media devices. Its compact footprint ensures it fits seamlessly into any workspace while providing a significant upgrade to standard audio output.
