

2.1 Channel Speaker System with Subwoofer

This 2.1 speaker system features a generous style with a drop-type and corrugated iron-mesh design. The subwoofer, equipped with a 6.5inch speaker, delivers powerful and strong sound, while the satellite speakers provide sweet and translucent audio.

Overview

Immersive Audio Experience

This 2.1 channel speaker system is engineered to deliver a rich, balanced audio experience for professional and personal environments. Featuring a dedicated powerful subwoofer alongside two satellite speakers, it provides deep bass performance and clear high-frequency output. Designed for versatility, this system is an ideal audio solution for desktop setups, multimedia workstations, and entertainment areas.
