

2.1 Channel Speaker System with Subwoofer

This 2.1 speaker system delivers powerful bass through its reflex enclosure design. Its integrated design ensures better sound in near field environments, and it is compatible with PC, VCD, CD, DVD, and TV.

Overview

High-Performance 2.1 Audio Experience

This 2.1 channel speaker system delivers a balanced audio experience, combining a dedicated 4-inch subwoofer for deep bass with two 2.75-inch satellite speakers for crisp highs. Engineered for clarity, the system boasts a signal-to-noise ratio of 75dB and a broad frequency response range, making it suitable for various multimedia applications. Its sleek matte black finish ensures it integrates seamlessly into any professional or home office environment.
