

210mm Electric Power Saw 1050W

This power tool features a 1050W motor and operates at 230V~/50Hz with a speed of 4500min-1. It offers an adjustable cutting angle from 0° to 45°.

Overview

High-Performance 210mm Electric Power Saw

This 1050W electric power saw is designed for precision cutting tasks, offering reliable performance with a 4500min-1 no-load speed. It features a versatile 0° to 45° adjustable cutting angle, making it suitable for a variety of woodworking and construction applications. Engineered for durability and safety, the tool is rated IP2X, ensuring robust operation in professional environments.
