Overview

Professional Miter Saw

This 210mm miter saw is designed for precision, offering reliable performance for accurate crosscuts and miter cuts. Engineered for versatility, it allows for precise angle adjustments from 45° to 90°, making it an essential tool for woodworking and construction projects. Its robust construction ensures stability and durability, providing a clean and efficient cutting experience for professional and DIY applications.

Technical Specifications

Power Rating

1400 W

S1 Continuous Power

1600 W

S6 Intermittent Power

Voltage	230 V
Frequency	50 Hz
No Load Speed	5000 rpm
Blade Diameter	210 mm

Capabilities

Ideal Applications	Woodworking, Construction, Crosscutting, Miter Cutting
