Overview

Reliable Portable Power

This single-phase gasoline generator is designed for durability and consistent performance. Engineered with high-specification components, it serves as a reliable power source for various applications. The unit features a robust engine, integrated safety warnings, and convenient output options for both AC and DC power requirements.

Technical Specifications

Rated Power	2.2 kW
Maximum Output	2.5 kW
Rated Frequency	50 Hz
Engine Type	GX200
Power Factor	1

Electrical Output

Starting System

- Manual Recoil
- Electric Start (12V 7.5AH/20HR Battery)

DC Output	12V 8.3A
Electrical Features	Voltmeter, Circuit Breaker, Single-Phase

Safety and Maintenance

Safety Compliance

Outdoor Use Only • Carbon Monoxide Hazard • Check Oil Before Start

Design and Portability

Design Features

- Protective Frame
- Integrated Wheels
