Overview

New 22.5-inch air disc brake caliper designed for heavy-duty braking systems.

High-Performance Air Disc Brake Caliper

This 22.5-inch air disc brake caliper is engineered for heavy-duty applications, including trucks, buses, and trailers. It is a completely new unit, manufactured using advanced automatic assembly and testing lines to ensure precision and reliability. Every component undergoes rigorous 100% online testing to guarantee performance and safety standards.
