Overview

High-Performance 225cc Engine

This 225cc gasoline engine features a classic OHV design engineered for reliability and versatility across various applications including lawn mowers, tillers, and high-pressure washers. It incorporates low-noise and low-vibration technology, ensuring a stable operation while maintaining low fuel consumption. With safety features like a low-oil shutdown system and dual-layer air filtration, it provides a durable and efficient power solution for professional equipment.

Technical Specifications

Engine Displacement

225 cc

Displacement

Core Design

OHV Design, Low Noise, Low Vibration, Low-Oil Shutdown, Auto Choke

Compliance & Quality

Certifications

EPA Certified • EC Emission Certified

Applications

Compatible Equipment

- Lawn Mowers
- Mini-tillers
- High-pressure Washers
- Shredders
- Portable Generators
- Water Pumps
