

22650 Lithium-Ion Batteries

These are 22650 lithium-ion batteries offered in both cylindrical and prismatic form factors. The cylindrical cells are available in 1900mAh and 2000mAh capacities, with voltage ratings of 3.2V and 3.7V.

Product Overview

High-Performance 22650 Lithium-Ion Technology

These 22650 lithium-ion batteries are engineered to provide reliable and efficient power solutions for a wide range of industrial and commercial applications. Available in both cylindrical and prismatic form factors, they offer flexibility for various device designs. With multiple capacity and voltage configurations, these cells are built to meet specific energy density requirements.

Technical Specifications

Model Specifications

Model	Capacity	Voltage
TNL-22650 SPC	1900mAh	3.2
TNL-22650 SMC	2000mAh	3.7
TNL-22650SPC	2000mAh	3.2
TNL-22650 SMC	1900mAh	3.7

Form Factors

Cylindrical, Prismatic

Performance Metrics

Available Capacities

- 1900 mAh
- 2000 mAh

Voltage Ratings

- 3.2
- 3.7
